

The Single Mom's Ministry® was so wonderful for me. I had two kids and working full time and needed to have someplace to go to learn more about God and fellowship. It was nice to have meetings on Friday nights when other people were out dating and you also had somewhere to go. We would have dinners like potlucks so no one had the burden of the financial part. The kids looked forward to bible study night because it also met needs they had.

I built a strong friendship group with the people I met when I first started in single mom's. I have had these friends be there for me when I needed someone to talk to or help to get through a tough situation. Having a strong Christian network of friends is the answer to getting all the ideas of how to manage your life.

I loved the bible studies we did. I am so amazed that a book written so long ago is still so easily applied to today's living. We had studies on purity, tithing and how to live our lives with God as our husbands. What a wonderful bases to continue with the strength you need to make it through the hard days.

I was blessed to date my ex-husband and after a courtship of 10 months with no extras you know what I mean. God has joined us as husband and wife again. We have celebrated our first year together with God in the center. Wow what a difference it has made. I learned so much from my single mom's group to be able to apply to the courtship. If it is done God's way and is what he wants you to do it might not be easy but you will be blessed. I am sure if you had asked me if this is where I would be 5 years ago the answer would have been no way. God is good and faithful. He has and will meet all the needs that you have. Trust in him and get involved in this ministry and you will be blessed.

Thank you Rita for sharing your heart and time, you have made this ministry a wonderful place for women to go.

Carla
